The great State of Nevada is once more attracting world-wide attention. As in the palmy days of the Comstock, it is again the mecca for pilgrims from every state in the union, and from every civilized country. But thanks to the discovery of her wonderful resources in lines aside from mining, her prosperity is being built on a more solid basis than ever before. In reviewing the conditions of the neighboring states during the year just passed, Goodwins Weekly of Salt Lake has the following to say concerning Nevada: "Nevada is coming into her own. She now has the call on all mining states. If one follows the crowd he goes to Nevada. She is vindicating the judgment of all who have best known her possibilities. She is likely to rank first among mining states in the next five years and is making a big struggle to bring enough of her soil under irrigation to raise her own bread."

Our esteemed New Zealand correspondent, Mervyn J. Stewart of Athenree, reports that since the preceding fall three additional counties of New Zealand have adopted the local option law by which all local revenues are raised by a single tax on land values. The measure was carried in Akittu county by a vote of 112 to 32 in Kaitanga county by 220 to 170 and in Hobson county by 240 to 190.

Complete return received at headquarters give the total Russian losses in killed, wounded and prisoners at the battle of Mukden is 107,000. The wounded are being taken away from Harbin over the Siberian railroad as rapidly as possible in order to free the hospitals preparatory to renewal of the fighting.

More Cattle Shipped East.

The sale of the first bunch of cattle shipped East proved so successful that another consignment of 24 cars was shipped last Saturday to Kansas City.

Joe Cardinal is in charge of the cattle and will probably accompany another trainload East upon his return to this Valley.

From the mere fact that the first lot disposed of met with such good success, it is possible that the future markets for our cattle will be toward the East to the exclusion of the City market—Record-Courier.

The Ophir Mining Company has just received \$17,676.40 as a net proceeds of the sale of four railroad carloads of first-class ore to the reduction works.
